Forced Pooling Status Update #2

Greetings, Friends-- We are writing today with GREAT news!

On Thursday, Tommy Butler, the Hearing Officer in the Fruitland forced-pooling matter/s, granted Citizens Allied for Integrity and Accountability's (CAIA's) request to officially intervene on behalf of our members threatened with Integration by Alta Mesa's two applications for Sections 14 and 19!

It is now official: CAIA is the ONLY organization in the State of Idaho with the legal authority to challenge this blatant attempt to force Idaho citizens to give up their property rights.

This couldn't have been accomplished without all of YOUR HELP. We are extremely grateful - THANK YOU!

The next step is the Discovery process. The re-scheduled hearing date is *Thursday, November 19th at 9:00 a.m. at the Statehouse in Boise*. **Please mark your calendars and plan to attend if at all possible.** We need to send a strong message that we will not sit idly by while our most basic rights are taken from us and handed to industry on a silver platter.

As you can imagine, this legal process is not inexpensive. To date we have spent approximately \$10,000 fighting for YOUR private property rights and property values (and we call it *well-spent*).

We are going to need an additional \$15,000 by the end of the year to see this through the Administrative Hearing process. Should these applications be rubber-stamped by the Idaho Oil & Gas Conservation Commission, we are prepared to appeal - and it should be understood that this initial application by Alta Mesa is merely the opening salvo to make way for many other attempts to force leasing on Idaho residents.

Can you please help us today by sending a donation? (In case you wondered, CAIA is an all-volunteer organization, and every penny is used scrupulously.)
